

Urban Sustainability

Building cities that work for people and the planet.

We help develop sustainable and resilient urban planning models integrating mobility, green spaces, biodiversity protection, and inclusive governance. Our goal: cities that are livable, efficient, and future-proof.

Key Areas

**Sustainable
urban
planning**

**Smart and
integrated
mobility
solutions**

**Nature-based
solutions &
biodiversity
protection**

**Inclusive,
participatory
urban
governance**
