

Programme Development & Ressources Mobilisation

We turn your ideas into fully funded, high-impact initiatives.

Mollitia Consulting supports public institutions, international organizations, and civil society in transforming ideas into well-structured, fundable, and high-impact programs. We guide partners through the end-to-end development of coherent, results-driven strategies and projects, while strengthening their ability to access national and international financing opportunities.

Our expertise ensures robust program design, strategic alignment with donor priorities, and measurable impact on resilience, sustainability, and inclusive development.

Our core areas

- **Programme and project development** (Theory of Change, logical frameworks, work plans & budgets, M&E frameworks, risk matrices, gender analysis and mainstreaming, environmental impact assessment, contribution et global environment) aligned with requirements of major donors such as **GEF, GCF, UNDP, AfDB, EU, GIZ** and others.
- **Funding strategies & proposal development** for NGOs, CSOs, local authorities, and development partners.
- **Partnership & resource-mobilization strategies**, including stakeholder mapping, financing mechanisms, and institutional coordination frameworks.

Why Us?

- **Strong experience** in program design, climate resilience, and urban development.
- **Proven track record** in securing funding from global climate and development finance institutions.
- **Tailored, high-quality deliverables** that meet donor standards and respond to local realities.
- **Strategic, collaborative approach** grounded in evidence, inclusive governance, and long-term impact.

✓ Scenario-Based Planning ✓ Proven Reliability ✓ Funding Expertise ✓ Partner-Oriented
